

BEHAVIOUR MANAGEMENT POLICY

ALEXANDRA COLLEGE JUNIOR SCHOOL

This behaviour management policy seeks to make a positive statement about the kinds of behaviour which the Junior School wishes to promote amongst its pupils. Clear rules and procedures, consistently and fairly applied, are necessary to ensure the school is a place where all pupils will be happy and feel secure.

The responsibility for upholding this policy rests with the principal, staff and the Board of Management. The support of parents for this Policy is also crucial and it is expected that all parents/guardians will ensure that their daughter(s) will comply at all times.

In drawing up the policy, an opportunity has been given to allow for the input of staff, parents, pupils, the Junior School Committee and the Board of Management. The support of all stakeholders is essential for its successful operation.

Account has also been taken of the requirements set out in the Education Act 1998 and the Education (Welfare) Act 2000.

In devising this policy for the Junior School, we were conscious that the individuality of each child should be accommodated while acknowledging the right of each child to education in a relatively disruption-free environment.

We endeavour to create a positive school environment where learning and development based on Froebelian principles, can take place and where there is the highest possible degree of consensus about standards of behaviour among pupils, staff and parents.

We aim to motivate children in every possible way; to develop the personality and ability of each child, to ensure true understanding of what it is required to learn, to develop self-reliance, perseverance and the ability to accept a challenge in the work.

We aim to provide the widest possible experience in the curriculum and to encourage a real interest and pride in all work and progress.

The rules have been devised with input by the children are kept to a minimum and are positively stated.

We have agreed that a high standard of behaviour requires a strong sense of community within the Junior School and a high standard of co-operation among staff pupils and parents.

The Junior School has devised the "Family Group System" through which pupils, staff and parents get the opportunity to attain this goal.

In the belief that the most effective schools are those with the best relationships with parents, every effort will be made by the Head of Junior School and staff to ensure that parents are kept well informed. The school provides a welcoming atmosphere towards parents. All parents are informed, not only when their children are in trouble, but also when they have behaved particularly well.

A copy of this policy is available on the school website and all new parents will receive a hard copy. The Code of Conduct has been sanctioned by Board of Management and will be reviewed at two yearly intervals.

The Code of Behaviour encompasses all school activities whether on or off campus.

JUNIOR SCHOOL ALEXANDRA COLLEGE

The aims of the Code of Behaviour are:

- To provide guidance for pupils, teachers and parents on behavioural expectations.
- To promote and develop a positive educational community which encourages self-discipline, co-operation in learning and develops self esteem.
- To foster the development of a sense of responsibility in pupils based on respect, consideration and tolerance of others
- To foster the development of a sense of responsibility in pupils based on respect for the learning and teaching environment
- To foster and value openness of mind and to aspire to having a sense of responsibility for ourselves and society
- To foster an atmosphere of tolerance and trustworthiness
- To provide for the effective and safe operation of the school.
- To facilitate the education and development of every child.
- To foster caring attitudes to one another and to the environment.
- To enable teachers to teach without disruption
- To expect proper and appropriate behaviour at all times
- To apply sanctions in an appropriate, equitable and just manner

The Code of Behaviour is viewed within the context of the Pastoral Care responsibility of the school.

IMPLEMENTATION

Every member of the school community has a role to play in the implementation of the Code of Behaviour. Rules will be kept to a minimum, emphasise positive behaviour and will be applied in a fair and consistent manner, with due regard to the age of the pupils and to individual difference. Good behaviour will be encouraged and rewarded. Where difficulties arise, parents will be contacted at an early stage. At the beginning of every staff meeting pupil issues are discussed, so that early identification of breaches is noted and supports are put in place to de-escalate any problems.

Affirming Positive Behaviour

Positive reinforcement of good behaviour leads to better self-discipline and we place a greater emphasis on rewards and incentives rather than on sanctions.

Whenever possible, the staff approach is to notice, encourage and reward good behaviour, rather than to take good qualities for granted.

It is intended that every girl should have equal access to rewards with no particular emphasis placed on those who are academically more able.

Pastoral Care

The school considers it important to support pupils and parents and to find a means whereby school, parents, and pupil could together be brought to bear on a behaviour issue that has become a trend. From a Pastoral Care perspective, young people often need structured guidance after acting in an anti-social or inappropriate manner. It is useful to allow the child to confront his or her misdemeanour through specific

and challenging questions which require him or her to reconsider the merits of these actions. This leads to the young person addressing the problem, taking responsibility and bringing about a final, positive outcome through a change in their conduct. The purpose is to provide time for the young person to reflect upon the occasion when they chose to act inappropriately and to examine the conduct that led to a negative outcome. When children choose to act inappropriately, any sanction or punishment imposed should aim to address the specific problem and also to help pupils to gain insight into their actions.

School Rules

School rules are kept to a minimum and are devised with regard for the health, safety and welfare of all members of the school community. If a school is to function efficiently, it is necessary that rules and regulations are clearly stated and enforced consistently and fairly (Appendix 1).

Generally the use of mobile phones is not necessary in the Junior School as the children are encouraged to use the school phone when needed. An exceptional circumstance is girls travelling alone to and from school. They are permitted to carry mobile phones under rules and conditions (Appendix 2).

Before/After School

Parents are reminded that the staff of the school does not accept responsibility for pupils before official opening time of 8 a.m. or after the official closing time of 3 p.m. (K 1&2) 4 p.m. (J1-J6) except where pupils are engaged in an extra-curricular activity organised by the school and approved by the Board of Management. Pupils involved in such activities are expected to behave in accordance with school behaviour policy during these times.

Incident Record

In consultation with teachers a record of instances of misbehaviour or repeated instances of misbehavior or bullying will be maintained by the Principal in the Incident Record. This will be a formal record and may be called up in any case of suspension or expulsion. It will be retained by the school until any pupil mentioned in it reaches the age of 18
